Carl with SDR Automotive in Ohio, picking up his new Auto Care USA Fuel System Cleaning and Engine Decarboning Machine

The only mistake I made was not buying my NWES Refurbished Model C-XP Wheel Aligner a year ago....it is the best profit center in the shop" Wade Rehbein, Outback Automotive, Plains, Montana

What Others have to say about us

"The Enviro-Quip model A40 parts washer I purchased from Northwest Equipment Sales is a great product. I am very satisfied with this unit; it cleans just about anything in less than five minutes. It saves so much time it is unbelievable; I don't know how I ever got along without it."

Mike Wiherski

"I'm PUMPED !!! About a month ago I stumbled onto a website link to Northwest Equipment Sales. I went to the site and saw they had used alignment machines. One caught my eye and I gave them a call. I ended up buying the machine and got a GREAT deal and the support that Dan Jones provided is the best. They gave me a great warranty too. I see on the site www.nwequipmentsales.com that they also sell the Auto Care fuel machines. I am going to order one tomorrow. Just wanted to say "Thank You" to Dan Jones and his company and let others on IATN know there are some very respectable sales people out there."
